HOW TO

with lovely lula

STEPS: -

1.) Start with your stocking lay out 2 piece of felt on top of each other.

2.) Draw a stocking shape on paper and cut it out - this will serve as your template.

3.) Place this template on top of the 2 piece of felt and cut the stocking shape out.

4.) On your Cricut ready your desired shape to cut. I used a birdy from the Create A Critter cartridge.

5.) Ready the wool felt by ironing wonder under on the back. Cut the shape out on the Cricut

7.) Sew or glue the 2 sides of the stocking together.

8.) Sew or glue the bird and crown on.

9.) Hand cut cheeks, eyes, Beak, Belly, and legs - Glue these on.

10.) Add some embellishments to the crown and the top of the stocking

11.) Finish it off with a loop at the top to hang the stocking.

Enjoy - xoxo Lovely Lula
